Yuhu Group Australia has provided the Prestige Property Magazine with information on construction progress, designs, images and guiding principle as a developer.

The magazine reported on the construction progress of Yuhu Group Australia's new project the Jewel on the Gold Coast. The towers are expected to reach maximum height by August.

Yuhu Chairman Xiangmo Huang is happy with the progress. When complete, the Jewel will feature three stunning towers including a five-star hotel and a serviced apartment complex.

Mr Huang said as a family business, Yuhu Group Australia wants to leave a positive and lasting legacy on the Gold Coast. Director Jimmy Huang said the company has a particular focus on delivering the best mix of integrated services and amenities for Jewel residents, hotel guests and the community more broadly.

The Jewel will be completed by mid 2019.
